Part of **SPRINGER NATURE**

WILEY

About I.T.S School of Management

I.T.S- The Education Group is devoted in imparting value based professional education in Management, Information Technology, Dentistry, Biotechnology, Physiotherapy and Engineering through eight institutions, with a faculty strength of 800+ and covering 8000 students. I.T.S School of Management, Mohan Nagar Ghaziabad, is a part of I.T.S –The Education Group (established in 1995). Over the years the institute has gained considerable recognition as a centre of excellence in the areas of Management education, training and research.

Overview of IRDP

In today's rapidly evolving academic environment, equipping researchers with the right skills, methodologies, and ethical perspectives is essential for producing quality research. The 5-Day International Research Development Programme (IRDP) on "Emerging Trends in Research for Future Growth on Sustainability" is designed to empower research scholars, faculty members, and researchers with the tools and knowledge needed to undertake impactful research across disciplines.

Kien Giang University

Kien Giang University is one of three universities under the Ministry of Education and Training in the Mekong Delta, Vietnam. Kien Giang University is a higher education institution, with the function of training at university levels, scientific research and technology transfer in various fields to serve the development needs of society. The school currently has about 300 staff and employees, including nearly 200 lecturers

Cureus Journal of Business and Economics

Cureus Journal of Business and Economics' is a multidisciplinary open access journal which aspires to publish quality research with rigorous single blind peer review, providing faster, affordable publication in the field of business, management and economics. Cureus Journal of Business and Economics is abstracted and indexed in the following academic databases and discovery platforms ensuring maximum visibility and accessibility for published research – Proquest, Dimension, Google Scholar, Worldcat, Ebesco, Crossref, Baidu etc.

Objectives

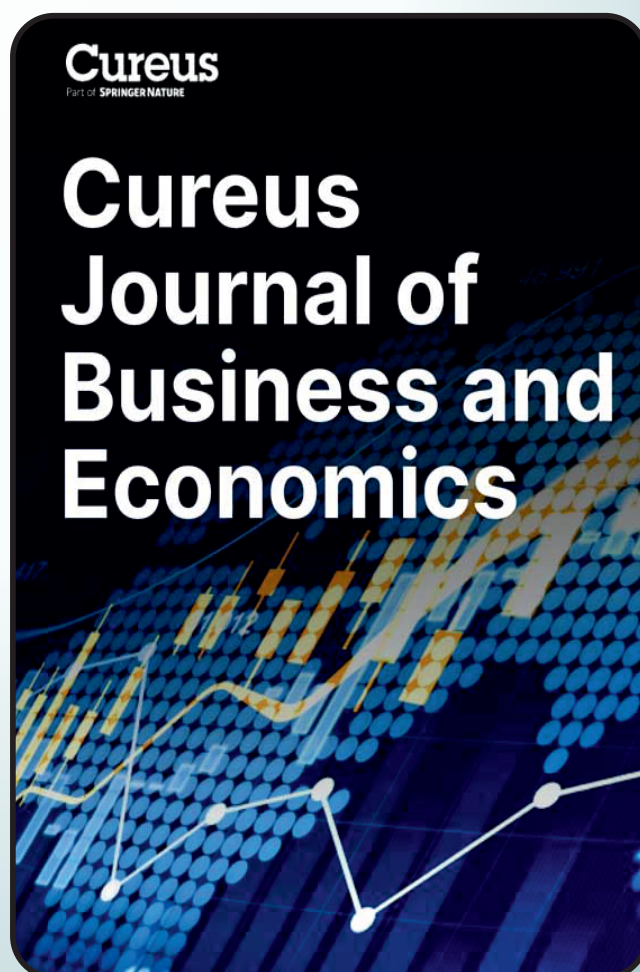

- To enhance research skills and critical thinking among scholars.
- To familiarize participants with research methodologies, data analysis tools, and academic writing.

Target Audience

- Postgraduate and Doctoral Research Scholars
- Early-Career Faculty and Lecturers
- Research Assistants and Fellows
- Final-Year Postgraduate Students with Research Interest
- Industry persons

Expected Outcomes

- Enhanced capability to design and conduct academic research
- Improved proficiency in data analysis and use of digital tools
- In the end of the programme participants can submit research papers / white papers. And selected papers would be published in edited book/special issue of journal of international publisher.
