**Institution-Industry Cell**

The need of the hour is to identify the industrial expectations and make the students industry ready. The aim is to make an effective contribution to the educational system to fill the gap between academic curricula and industry need.

The Institute put wholesome efforts to share experience and expertise between Institution and Industry. In the event, Institute organizes Industrial visits, Webinars, Guest Lectures and Internship programmes to train the students with the latest developments in Industrial practices. To promote continuous interaction between Institution and Industries, Memorandum of Understandings (MoUs) are signed between the Institute and different Industries.

The Institution has constituted a Institution-Industry Cell with the following

S. No	Name of the Member	Designation	Contact No
1	Mr. Murli Krishna	Chairperson	9589544479

**Implementation of Skill India Mission**

The objective of Skill India Mission is to help India become self reliant (Atma Nirbhar). This initiative was aimed to create and implement comprehensive skill development training programmes that would help bridge the gap between industry demands and skill requirements and therefore, develop the country at large. The skill India programmes comprised implementing curriculum-based skill training courses, wherein trainees would gain certifications and endorsements from industry

The Government has introduced numerous key schemes under the Skill India Mission such as "Pradhan Mantri Kaushal Vikas Yojna", "Jan Shikshan Sansthan", "Pradhan Mantri YUVA Yojna" etc.

The Institution continuously working on skill enhancement of its Students and organizes various programmes for the benefit of students and to make them industry ready. These programmes include Summer Internship Programmes, conduct of Webinar, Expert Talk, Guest Lectures and industry visits.

***Implementation of PARAKH***

The Student Learning Assessment- PARAKH is an initiative of AICTE to bridge the gap between academic and Industry by providing a platform for self assessment of learning outcomes. Each of the online assessments is considered as unidimensional, reliable, and good at measuring a range of student ability.

The Institute encourages its students and faculty members to participate in Student Learning Assessment- PARAKH and take assessment for a better insight of their learning. It helps Institute in students' confidence building and motivates them for professional growth. PARAKH portal provides multiple choice questions for assessment prepared by prominent academicians with the help of industry tie up in the field of Engineering, Aptitude, Emerging Areas and Management.
