

Profile of Dr. Divya Sharma

Dr. Divya Sharma is an Assistant Professor with an experience of more than ten years. She holds a Doctorate in Mathematics from Jaypee Institute of Information Technology, Noida, in the area of Fuzzy Optimization. Prior to that, she has done a Masters in Mathematics from Hansraj College, Delhi University. With a strong academic background, she specializes in areas such as Mathematics, Statistics, Operations Management, Quantitative Techniques.

Research papers:

Dr. Divya Sharma has published 10 research papers till date in the reputed international journals with SCOPUS/SCI indexing.

Book Chapter:

Dr. Divya Sharma has written a book chapter titled, “Fuzzy transportation problems and variants”, which was published in the book ‘Computational Intelligence’.

Workshops:

She has participated in various workshops on co-creating MOOCS, Fuzzy logic, Soft computing techniques, to name a few, offered by Delhi University, Soft Computing Research Society, etc.
